Online resources

In the ELIS catalogue many of the resources which you find there, have a heading called **Online Resources** which is followed by an URL or web address**.**

The term **Online resources** covers a range of resources – a website, a pdf document, or an electronic version of a print title.   What they all have in common is that this resource is available on the internet.   We have added this information because we want to ensure that you will be able to access this material yourself and get the information you need. Because the URLs are hotlinked you can click from the ELIS catalogue and will be able to get direct access to that online resource.

Many of our Case studies files have an URL under the **Online Resources** heading. These are usually company websites.

If any of the URLs are not working there may be a broken link. Please report these to library@export.ac.nz preferably by pasting in the link.

How can I return to the homepage of the ELIS catalogue?

Double-click here
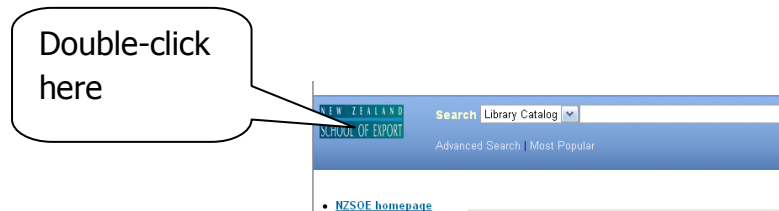

Need More Help?

If you have difficulty logging in to the ELIS Catalogue and using any of its functions, please ask for help by emailing library@export.ac.nz or telephone 06-356-5656 ext.701

File this in your Guide to Study for further reference.
